

THE **BIG** IDEA

God's truth sets us free.

Monday: *Psalm 124:7*

A lie is a trap. Between the world and the whispers of the enemy, there are so many little snares around us that catch us if we're not careful. But God's desire is that you be free! Continue to seek His help in escaping any snares in your mind.

Tuesday: *2 Corinthians 11:14; Proverbs 14:12*

There are so many imitations in our world—cheap substitutes for the true joy, peace, and satisfaction that God has planned for us. Has God revealed any imitations in your life? Are there things you've invested in that aren't God's "real thing"? Things that seem reasonable or "normal" but aren't actually part of God's will? Ask for His help in resisting those substitutes.

Wednesday: *Matthew 4:1-11*

Satan will try to deceive *anybody*. Thankfully Jesus models exactly how to resist any lies. How are you being deceived? Sometimes we cannot see the deception in front of us. Ask a trusted and Godly friend to help you see any lies you're buying into!

Thursday: *James 4:7*

This verse packs a powerful promise. If we submit to God, if we agree that we want His way in our lives more than the comforts of the world or the easy paths of life, then God gives us incredible power. We can tell Satan to go *and he will!* When you ask Him for help, God will follow through!

Friday: *Romans 12:2*

Transformation can be a long process, but the end result is a new mind filled with Jesus' truth and not the clutter of the sin-filled world around us. When we have His thoughts, we understand His will and plans in our lives. What a great place to be! Continue this process of resisting the lies around you and renewing your mind with Christ's truth.
